

SAFETY DATA SHEET
TUFFIE DISINFECTANT WIPES

SECTION 1: Identification of the substance/mixture and of the company/undertaking.

1.1 Product identifier Trade name or designation of the mixture.

Tuffie 5 Universal Sanitising Wipes

901SW150FC	Flexi Can (150 wipes)
901SW150RP	Refill Pack (150 wipes)
901SW500BX	Large box (500 wipes)
901SW225BX	Large Box (225 wipes)

Issue Date: 6th May 2015
Version number: 8
Revision date: 5th October 2021
Supersedes: May 2015

Supplier:

EBOS Healthcare
14-18 Lovell Court Rosedale,
Auckland 0632

2 Relevant identified uses of the substance or mixture and uses advised against Identified uses:

Wipes for cleaning and disinfecting surfaces and equipment

3 Details of the supplier of the safety data sheet

Supplier: As above

4 . Emergency telephone number: 01204-529494

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

This product is not classified as hazardous to health or the environment

SECTION 3: Composition/information on ingredients

3.1 Wipes: Polypropylene
3.2 Preparation: Contains amongst other ingredients less than 5% cationic surfactants, amphoteric surfactants and EDTA

SECTION 4: First aid measures

4.1 General Information

- Eye Contact:** If sufficient material has entered the eyes to cause irritation, flush thoroughly with water for at least 15 minutes. If symptoms persist, seek medical advice.
- Skin Contact:** Wash hands thoroughly with water after use. If irritation persists, seek medical advice.
- Ingestion:** If ingested do NOT induce vomiting. Give plenty of water to drink. Keep at rest and seek immediate medical attention.

SECTION 5: Firefighting measures

5.1 General Fire hazards:

- Specific Hazards:** This product is not combustible
- Suitable extinguishing media:** Dry chemical, foam, or carbon
- Unsuitable extinguishing media:** Not known.
- Flash point:** Not applicable.
- Special firefighting procedures:** Use self-contained breathing apparatus
- Protective equipment:** Full protective clothing and self-contained breathing apparatus.
- Fire and explosion hazards:** There are no unusual hazards. Product does not constitute any special or particular fire hazards.

SECTION 6: Accidental release measures

- 6.1 Personal precautions:** No protective equipment is required when using this product. However for prolonged use, or for people with sensitive skin, the use of gloves may be advisable. In all cases your own risk assessment should be considered.
- 6.2 Environmental precautions:** Prevent entry into water courses.

SECTION 7: Handling and storage

- 7.1 Handling:** Follow the instructions on the product label.
- 7.2 Storage:** Store at room temperature. Avoid extreme temperature conditions. If stored correctly, the shelf life of the product is 2 years from impregnation.

SECTION 8: Exposure controls/personal protection

- 8.1 Exposure controls:** As appropriate to quantity handled. When being used, the area should be adequately ventilated.
- 8.2 PPE:** No protective equipment is required when using this product, although your own risk assessments should be considered.

SECTION 9: Physical and chemical properties

(not a specification)

- 9.1 Physical Properties:** Wipe appearance. Liquid saturated on a wipe (280mm x 250mm)

- Colour:** White
- Odour:** Characteristic
- Melting Temperature:** Not determined
- Initial Boiling Point:** Not determined
- Flash point:** Not applicable
- Solubility in water:** All impregnated components 100% soluble. Non-woven is not soluble.

pH: 9 – 10 @20 degrees C typical analysis

SECTION 10: Stability and reactivity

Chemical Stability: Stable if stored at room temperature. Wipes will dry out if exposed to the atmosphere.
Materials to avoid: Do not mix with other cleaning chemicals.
Conditions to avoid: Extremes of temperature. Direct sunlight.
Hazardous decomposition: N/A
Hazardous polymerisation: Not determined

SECTION 11: Toxicological information

11.1 Toxicology Rational:

It is not the policy of the company to conduct any form of animal testing. The following toxicological data therefore applies to the information we have gathered together from our raw material suppliers.

Classification: Not classified
Eye contact: May cause irritation.
Skin contact: May cause skin dryness and cracking with prolonged contact.
Inhalation: Not a likely route of exposure.
Ingestion: May cause irritation to the mouth and upper digestive tract.

SECTION 12: Ecological information

Biodegradability: The detergent components in this product are biodegradable.
Mobility: Miscible in water. Reduces water surface tension. May produce surface foam on agitation

SECTION 13: Disposal considerations

13.1 Disposal: Disposal should be in accordance with national and local authority guidelines.

SECTION 14: Transport information

14.1 Transport: This product is not classified as dangerous for transport.

SECTION 15: Regulatory information

This product is not classified as hazardous.

SECTION 16: Other information

None applicable

Country of Origin: United Kingdom.

*All of the ingredient chemicals which come under the REACH Regulations have been pre-registered, and so appear on the ECHA website.

This data sheet was compiled using external data from our supplier's and independent laboratories. This safety data sheet contains all the necessary information to conduct a COSHH assessment. This document in its own right does NOT constitute the users own assessment of workplace risk as required by Health and safety legislation.

The information given in this safety data sheet is given in good faith and to the best of our knowledge is correct. No liability is accepted for any loss or damage arising directly from the use of the company's products or from the use of the information given in this safety data sheet, In particular, financial or economical loss unless required by law.
