**MINI-WRIGHT PEAK FLOW METERS ARE FULLY FUNDED ON THE PHARMACEUTICAL SCHEDULE FROM NOVEMBER 1ST 2015**

EBOS Code: 27768511  
Pharmacode: 248 9953

THE MARKET-LEADING PORTABLE PEAK FLOW METER PIONEERED BY CLEMENT CLARKE IN THE EARLY 1970'S. THE MINI-WRIGHT PEAK FLOW METER RANGE IS THE 'GOLD STANDARD' IN DAILY MEASUREMENT OF ASTHMA MANAGEMENT

The Mini-Wright Standard is lightweight portable and is ideal for adults and children.

Measuring PEF between 60-800L/min the Standard Mini-Wright is available in ATS scale (tested to the American Thoracic Society standard).

The Mini-Wright Standard is predominantly used for taking peak flow measurements and also to help patients manage their asthma.
