

GAMMEX[®] Latex Underglove

S U R G I C A L G L O V E S

Latex, powder-free surgical green underglove for effortless double gloving

KEY FEATURES AND BENEFITS:

- Contains glycerol and dimethicone as moisturizing agents to help retain moisture and rehydrate skin
- Made with Ansell's unique anatomic formers to enhance comfort and fit to help reduce hand fatigue
- Green colored, smooth and with micro-textured external finish, this glove is ideal for double gloving and easy identification of a glove breach
- The DERMASHIELD™ Technology internal coating, together with the built-in moisturizer, facilitates dry and damp donning as well as intra-operative changes

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

Recommended For

- All surgeries, especially high risk procedures in orthopaedics, trauma, and cardiac
- Damp donning
- Easy identification of a glove breach
- Use as an underglove when double gloving

FEATURED TECHNOLOGIES

GAMMEX[®] Innovation that Protects

Driven by innovation, GAMMEX[®] surgical gloves are engineered to respond to the evolving user needs of the surgical community. Featuring unique formulations and cutting-edge technologies, ergonomic comfort and superior protection, healthcare workers around the world entrust their hands to ours.
