Welch Allyn Pocket LED Otoscope

- The most durable, pocket-style otoscope on the market today, based on rigorous drop test versus leading competitors
- Portable, to help you meet the challenges you face when treating patients
- Lightest-weight Welch Allyn otoscope, for the comfort and control you need
- Fibre optics provide cool light with no reflections or obstructions

Pocket Plus LED Otoscope

All the same features as the Pocket LED otoscope, plus:

- Six lumens for 2X the light intensity
- 5-year warranty

Welch Allyn Pocket LED Ophthalmoscope

- Featuring Welch Allyn SureColor™ LED lamp technology, designed to provide the exact light you need for fundoscopic examination
- Lightest-weight Welch Allyn ophthalmoscope for portability and ease of use
- One of the most durable, pocket-style ophthalmoscopes on the market; designed to be a reliable tool for your practice

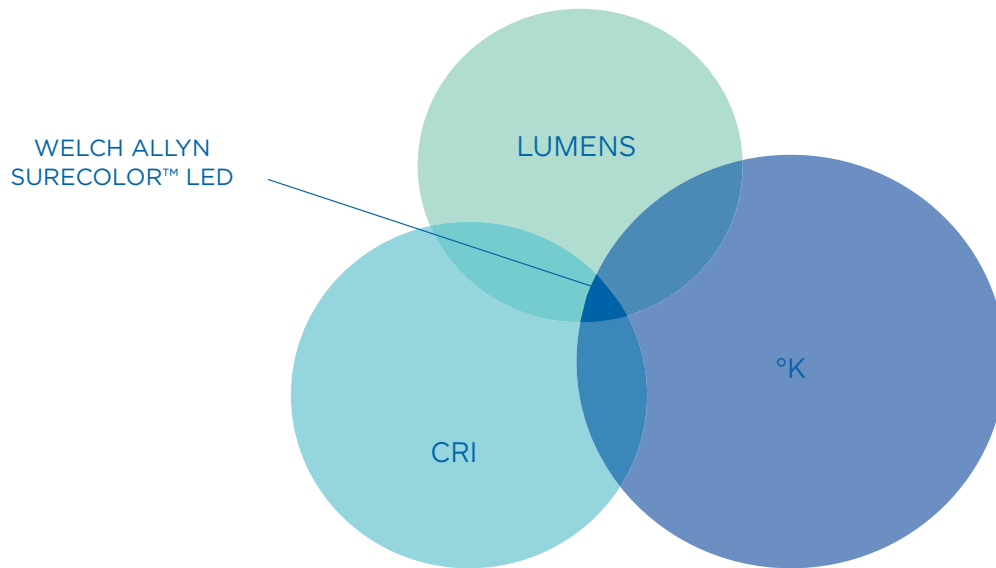

Pocket Plus LED Ophthalmoscope

All the same features as the Pocket LED ophthalmoscope, plus:

- Neutral density light filter switch, to help virtually eliminate corneal glare
- Soft rubber brow rest, for enhanced comfort during an exam
- 5-year warranty

Welch Allyn SureColor LED Technology

The Welch Allyn LED Difference

With the right balance of colour temperature, colour appearance (or CRI) and brightness, we've optimized LEDs for EENT instruments, providing the benefits of LED light without changing the view you are proficient at for diagnosis.

- Welch Allyn LED Lamps are rated for up to 20,000 hours of use
- Welch Allyn LED lamps offer true tissue colour, clarity and definitions of the ear canal and fundus
- No lamp replacement required
